Footwear Manufacturing Unit

User Friendly Interface

ERP system plays a significant role to solve all the footwear manufacturing industry related challenges.

The footwear industry is huge and Produces a consistent amount of Information which requires credible software and framework to deal with. This helps the industry to streamline processes that are generally complex and chaotic.

The screenshot displays a login interface for 'PU FOOTWEAR'. At the top, the text 'PU FOOTWEAR' is written in red. Below this, there is a dashed blue box containing a blue circle icon and the text 'ERP'. A horizontal line separates this header from the login fields. The fields include a 'Branch' dropdown menu, a text input for 'Enter username', a text input for 'Enter password', and another dropdown menu showing '2024 - 2025'. At the bottom, there is a prominent blue 'Login' button.
